# Geneo: “The Facial of the Future”

About **Geneo**: Dubbed the “facial of the future,” **Geneo** is a 3-step facial that offers six treatments, each touching on the most important tenets of face rehab: exfoliation, oxygenation, and nourishment. The innovative facial treatment is designed to achieve younger, brighter and naturally better-looking skin -- from the inside out. **Geneo** is customizable for all skin types, ages and skin concerns and stands out among other facial experiences because of its patented technology. These three non-invasive, clinically proven steps in technologies combined with **Geneo's** natural, highly effective ingredients deliver immediate, long lasting results with no downtime. Each treatment is available and customizable based on skin concerns and are also offered for **Geneo** Body problem areas including chest, buttocks, back, and bikini line. Geneo is made for all skin types, every age, every gender, every season, and every occasion -- with providers throughout the country.

The three steps of the facial include: OxyGeneo, Ultrasound and Neo-Massage and the six current treatments include: Balance, Revive, Illuminate, Hydrate, Detox, and Glam.

Price: Facial treatments vary from office to office but typically range between \$100-\$300.

To book: **Geneo** facials are offered in providers across the country, **visit here**, enter your zip code, and find a provider nearest you to book directly. Personally I visited:

## Skincare 5280

2150 W 29th Avenue Suite 600, Denver, CO 80211 and the service was incredible! [skincare5280.net](http://skincare5280.net)
